The Town of Livermore Falls is dedicating this year's Town Report to:

Darryl N. Brown

Darryl has been involved in the community since the early 1970's. He served in the legislature for 8 years. He has been appointed for many years as a Water District Trustee. He was involved in getting CES started in our community. He is owner and operator of his business here in town, Main Land Development Consultants Inc. He has donated many hours to the town as Moderator for all our town's meetings. His professionalism in the community and at the meetings is greatly respected. Thank you Darryl for all that you do and have done over the years for this community. You are appreciated.

From the Desk of

Maine State Legislature

Email: SenJohn.Nutting@legislature.maine.gov

March 2006

Dear Residents of Livermore Falls:

By the time you read this, we will have adjourned from the Second Regular Session of the 122nd Legislature. At present, we are working on many issues that will impact you and your families. Taxation, school funding, environmental protection, affordable health care, property tax relief and creating good paying jobs are among the many policy areas that we are working on that will impact our daily lives. My legislative report will be arriving at your home later in the spring to give you an update on more of the major accomplishments.

I am pleased with the increased eligibility standards and the increase in benefits to the Maine Property Tax and Rent Refund Program (previously called the Circuit Breaker Program) and remain committed to fully funding the Homestead Exemption to provide more property tax relief. Changes to the property tax and rent refund program include eligibility to individuals with incomes up to \$75,500 or families with incomes up to \$99,500. For those eligible, the maximum benefit will double from \$1,000 to \$2,000. The homestead exemption has also been expanded to provide most households with a \$13,000 exemption. You can find out more about these programs by contacting Maine Revenue Services at (207)626-8475 or by going on-line at www.mainesenate.org/taxreform. These improvements are aimed at helping middle-income Mainers, a segment of the population that has not been eligible for the program in the past. If you did not apply this year (deadline of May 31, 2006), note that next year's applications will be available in August 2006. I encourage you to apply!

I invite you to come to the State House while the Legislature is in session to see firsthand how the legislative process works. Public hearings and work sessions are open to the public. To check schedules for either of these, go to the Legislature's website at <http://janus.state.me.us/legis> or call the Legislative Information Office at 287-1692. It is your State House and your government. Please come and learn more about it and how you can make a difference. Citizen involvement is critical to the process and greatly impacts changes in public policy.

It is important that I hear from you on the various pieces of legislation that are put forth each legislative session. I am also available to assist you with any problems you may be experiencing with state agencies. Please let me know if I can assist you! I wish you the very best as you gather to debate issues of importance to the Town of Livermore Falls' government and your community. It is an honor to represent you.

Sincerely,

State Senator John M. Nutting

Senate District #17

REPORT TO THE CITIZENS OF LIVERMORE FALLS

The Second Session of the 122nd Legislature is underway, and already we have worked closely together to tackle some difficult challenges. We passed a new law supplying state funds to help heat Maine homes in the absence of hoped-for federal funds, and we are now working to step in and provide the needed support for our seniors through the troubled transition to the federal Medicare Part D.

It is important to ensure that government works for Maine people and that our taxpayer money is used wisely, and that all levels of government practice sound fiscal management. We can accomplish this by setting priorities that are based on fundamental Maine values, common sense, mutual responsibility and sound investment.

Fiscal responsibility will be an important part of the discussion on this session's bills. As your legislator, I will strive to strike a careful balance; ensuring people have access to state services, creating opportunities for Maine people, making sure that as a state we meet our commitments, and ensuring fairness for all of Maine taxpayers.

We will continue our work to create jobs for Maine workers that will enable them to support their families and to grow our small businesses. The future of Maine's economy rests with investing in people, innovation and our small businesses. We can, and will move, Maine forward by putting Maine people first. I am committed to making sure we provide our people with the best education and all the skills needed for both our traditional industries and the jobs of the new economy.

Together, we will build on our efforts to increase access to quality affordable health care for all Maine people because we know it is one of the most crucial components to a healthy secure family. In addition, protecting our natural heritage and environment continues to be a priority, helping to ensure that Maine people will always have access to healthy woods and clean waters.

Working for and with the citizens of Livermore Falls on these important issues is an honor and I am proud to be your state representative. Special thanks to those of you who have taken the time to share your views with me.

I continue to be available to you for help with state government issues. I can be reached at the State House at 287-1400 or toll-free at 1-800-423-2900. You may also call me at home, 524-3851. You can learn more about what I and other legislators have been doing by visiting the House Majority Office web site: www.legislature.maine.gov/housedems. From there you can visit my web page by clicking on "Representatives."

Sincerely,

Rodney C. Jennings
State Representative

To the Residents of Livermore Falls,

Another year has passed and it is time to report to you on the activities and operations of the selectboard. First I would like to thank the rest of the board for their efforts throughout the year. Our new town manager Martin Puckett has done an exceptional job taking over his duties so late in the fiscal year. Together we have produced a budget that we feel is fiscally responsible and meets the needs of the majority of the town. We are faced with continually rising costs including fuel, wages, and health benefits. Our infrastructure has been badly neglected over the years. The board and town manager feel we must take steps to fund much needed capital improvements to bring the condition of our roads and buildings back to acceptable standards to reduce future costs, which will surely rise if left untouched.

In an effort to keep the budget at or below current levels, in a time when all other municipalities budgets continue to grow, we have taken what we feel are the necessary steps to achieve this. The board has been working towards regionalization on several fronts. After much thought over several years we have decided to disband our local police, fire, and ambulance dispatch center. The dedicated group of individuals must be thanked for their efforts and service over the years. The board made the tough decision to close the operation because it is a duplicated service already provided by Androscoggin County. Livermore Falls pays over \$150,000 a year in county taxes and we receive nothing in return. This move will not affect the level of service that is provided to our citizens through our Police Department. The town of Jay has agreed to accept our Fire and Ambulance calls for a very small fee. This measure will save the taxpayers of Livermore Falls nearly \$200,000 in wages, benefits, and operational costs.

We have also chosen to contract, with the Town of Jay, to handle all of our recycling and municipal waste operations. Jay has more than adequate facilities to handle the increased capacity. Initial savings are estimated at \$50,000-60,000. There will be a period of adjustment, but we are confident any issues will be worked out. We are looking at consolidating our Transfer station attendant into the Public Works Dept along with the Sewer Dept. We ask for your patience and support on these matters as they continue to evolve.

I would like to thank all of employees of the Town of Livermore Falls, on behalf of the Board of Selectmen, for the excellent work they do for the people of Livermore Falls, in addition to the Superintendent, School Board, Teachers, and Staff for their continued efforts in better educating our children. The school district does an exceptional job, while constantly reducing the local tax burden.

The Livermore Falls Downtown Betterment Group has been working towards continuing their revitalization efforts of the downtown shopping area. New streetlights will hopefully be installed this summer, making the appearance much more appealing. Our second annual history night was a success, and it was great to see the downtown buzzing with activity again. The groups efforts have a large impact on prospective residents. You only have one chance to make a good impression on people. We are well on the way to making that happen. I believe the future of Livermore Falls financial security rests with attracting families looking to build or renovate a home in our town, which will in turn create more tax revenue to help fund our many services we have to offer.

In closing I would ask all residents to get actively involved in the community. There are many ways to become involved, whether it is on a committee, the Adopt-a-spot program, or another worth while cause. We are very lucky to live in a community like ours, please take a little of your time to help make it better for everyone. Thank you.

Respectfully submitted,
Kenneth Jacques
Chairman, Board of Selectmen

Citizens of Livermore Falls,

I must express my sincere appreciation for the welcome I have received and the dedication of town employees, volunteers, Selectboard members, and business owners. These people have certainly come together during difficult times to keep moving forward to meet the growing demands of our community - I am proud to be your Town Manager.

Livermore Falls possesses key characteristics which are indicators of a progressive community; the most outstanding is the genuine pride shared by the businesses, citizens, volunteers, and community leaders. Their work is most apparent at our community events, which will continue to improve and grow in the future. These events are a powerful tool to market and promote our community. Our vision for the years to come is a stronger, more varied community working in unison with the public and private sector in order to create that more perfect place to call home.

Many communication networks exist to promote and improve our town. These networks include Federal and State agencies, surrounding municipalities, economic developers, businesses, health care services, education providers, and many volunteer groups, just to name a few. These networks often share the universal goal of local enhancement which augments our efforts.

The strong collaboration represented by our businesses, dedicated volunteers and community members are driving major developments. Our Downtown Betterment Group continues to improve our downtown area, which is an essential part of economic development. Case studies and research proves that economic development requires the champion of a viable downtown. The Paper and Heritage Museum juxtaposes our downtown revitalization, comprehensive plan, and retention of community character. The pedestrian/bike path will complement these efforts and exponentially increases our foot traffic. The Gazebo is also a large draw to the downtown with concerts and markets.

As we enter a new fiscal year the Town of Livermore Falls has made a commitment to infrastructure upgrades including street resurfacing and funding capital improvements. For too long we have sacrificed capital improvements for operating costs. One of my goals is to complete a comprehensive infrastructure replacement schedule to include equipment.

Livermore Falls is a hidden jewel that I am proud of, and together we need to continue our efforts to uncover its beauty. The residents of Livermore Falls will see changes in the community, and I am confident that these improvements will increase the Town's vitality into the future. As always, I remain,

Yours truly,

Martin Puckett
Town Manager

Livermore Falls Fire Department

2 Main Street
Livermore Falls, Maine 04254
Androscoggin County
Tel. 897-6681 or Emergency 911
Fire Chief: Kenneth Jones

To The Citizens of Livermore Falls,

I would like to thank my Assistant Chief and Officers for a job well done. Along with the entire Fire Departments Members, Town Manager, Selectman, Town Clerk, Police Chief & Officers, Dispatchers, Highway Crew, Mutual Aid Departments and Citizens. And of course my wife and family for once again are supporting me to serving the community this past year.

We were pleased to be the recipient of the **2005 Assistance to Firefighters Grant, back in December, for a sum of \$137,866.** This required a municipal match of 5% or \$6,893 and federal funds of \$130,973. This will enable the department to become compliant to the current standards with purchases of complete Turnout Gear and Air-Paks. Also allow the purchase of Alerting Pagers with Cases.

We also receive **\$15,394 through the Federal Homeland Security Grant** for Calendar Year 05. Funds allowed for purchases of modern communication equipment and a vehicle stabilization package. This communication equipment gives the department the ability to operate on narrow band frequencies, as this will be required in the near future.

The Department was survived by ISO this past year. Insurance Services Office is the leading supplier of statistical, underwriting, and actuarial information for the property/casualty insurance industry. Most insurers use this public protection classification for underwriting and calculating premiums for residential, commercial and industrial properties. Our rating dropped from a 5/9 to a 5/8. Hopefully home owners see a reduction in homeowners insurance.

This past year, we again sponsored two students Helaina Lake and Karlton Jones in the Firefighter I Training Program at the Mt. Blue Vocational Training Center. A total of seven students have completed this training in the past three years.

To date the regionalization study has been completed and reviewed by area Municipal Managers and Fire Chiefs. At this point the Fire Chiefs continue meeting to strive to create improved services rendered to the public.

As a reminder, I strongly encourage all residents to have a **working smoke detector** on all levels of the homes and to change the batteries at least once a year.

Also, all outside burning requires a permit, other than a contained campfire that is used for cooking or warming on your own property. We continue to have illegal burning of trash, debris and larger fires other than camp fires. Currently you can only burn clean wood (no paint, stain, etc.) and wood debris such as leaves, trees, brush, etc. You may not burn any paper cardboard. Any questions call one of the following:

Town Fire Warden – Chief Ken Jones	897-6912
Deputy Warden – Asst. Chief Jim Leclerc	897-6319
Deputy Warden – Capt. Ron Leclerc	897-2102
Deputy Warden – Lieut. Albert Jones Jr.	897-6319

In closing, I would like to Thank everyone for allowing me to serve as Fire Chief and once again look forward for the challenges in the up coming year.

Reminder of telephone numbers:

EMERGENCIES -	911
Business -	897-3424
Station -	897-6681

Sincerely,

Kenneth G. Jones
Fire Chief

May 25, 2006

To the Town Manager, Selectmen and Citizens;

The Livermore Falls Police Department received and responded to 4745 calls for emergencies and/or assistance this year, an increase of 20 calls. In addition, 244 arrests were made, 485 criminal summonses were issued, and 413 traffic summonses were issued, an increase of 33 over last year's totals.

This year started out to be a breath of fresh air the dispatch center and police department had space to comfortably work in and the departments were on track to have all full time staff trained and ready to serve the community. Plans were in place to have Reserve Officer John Furr cover patrol shifts while one of the officers attended the 18-week police academy, but he was deployed to Iraq with the guards shortly after beginning to fill the position. We struggled and got through. The last full time officer graduated in November from the academy. We then received notification that Officer Brock Caton and his guard unit was to be deployed to Iraq. Officer Kenneth Bryant was also issued orders to be deployed with another guard unit. All 3 men are greatly missed and we pray for their families and their safe return. In the meantime we have hired and have been training reserve officers to fill in the vacant shifts so as to continue our service to the community.

On behalf of the Livermore Falls Emergency Dispatch Center I want to thank the voters for their support in the straw pole vote that was in favor of keeping dispatch (164 to 90) it's nice to know that the community that they serve appreciates their dedicated service. It is both unfortunate and depressing that we face the same issues again. No matter what the result we plan to do our best with what we have, our priority is public safety.

Once again, on behalf of both the Dispatch staff and the Police staff, we have chosen to dedicate our services to the citizens of Livermore Falls. We strive to do our best for the Town of Livermore Falls and offer our thanks to all the Citizens, Selectpersons, and Department Heads that have supported the Officers and Dispatchers over the years, for their assistance, cooperation and understanding. The Department's ability to do its job is directly related to the help and support you have provided us.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Ernest Steward Jr." with a stylized flourish at the end.

Ernest Steward Jr.
Chief of Police

INDEPENDENT AUDITORS' REPORT

October 12, 2005

Board of Selectmen
Town of Livermore Falls
Livermore Falls, Maine

We have audited the accompanying financial statements of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Livermore Falls, as of and for the year ended June 30, 2005, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Livermore Falls as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

RMA Smith & Company

Certified Public Accountants

To the Residents of Livermore Falls,

The Livermore Falls Summer Recreation is a six week program for kids in the summer entering 1st grade to 8th. The program is very structured and well supervised.

Last summer we had approximately 172 children enrolled in the program. Most of them were from Livermore and Livermore Falls. It is great to see so many children involved.

We start the morning off at 8:45 in the Livermore Falls High School where the children are served a nutritious breakfast, which is offered free to all children through a grant. Lunch is also provided to all free of charge. The cafeteria workers deserves a big thank-you for doing such a wonderful job.

During the day the children get to choose from a number of games, sports, and arts & crafts. We also take the children on a number of trips. Some of the places we go are the movies, Range State Park, Seadogs, Funtown, to name a few.

I feel that Summer Recreation is a great place in the summer for kids to get together with their friends and classmates. The counselors do a good job keeping the kids busy and entertained. I want to give a big thank you to the town of Livermore Falls for giving children a great opportunity to have a summer filled with fun. I also want to thank my assistant Abby McPheters, the kids, parents and counselors for making this program a big success every year. I am looking forward to another great summer.

Sincerely,

Brenda Bryant
Director

2005 2006 Public Works Report

Hello

Another year has past, and we continue to ask taxpayers for there confidence in our service to the town.

We have many projects planned for this summer, some of them we will ask taxpayers to vote on at town meeting.

A culvert replacement on the north end of the Souther road is our biggest project planned. We ask for taxpayer approval to vote for the funding. This culvert has been failing for many years, and if not replaced will fail during a big rainstorm. This will also cause the road to fail, and will be more expensive to repair when that happens. Other projects are culvert replacements on Moose Hill, and Record Roads. Some of these culverts have no bottom left, and are causing road erosions. These culverts were purchased on last years budget though joint purchasing with other towns, saving at least fifteen percent from this years pricing.

Our paving plans are to finish paving the Moose hill road, to the souther road to include Souther road intersection, and also Clay brook road intersection. Culverts were replaced on this road last summer. Also Sewer and water lines have to be replaced on Pearl Street. We would like to pave this small street with curb after the line replacement. If approved by taxpayers next year we would like to do some overlay paving on Haines Corner Road, and Campground roads. We would like to add some sidewalk work, or in town paving to this list.

The winter was kind, we treated 34 storms, Nineteen were under 3 inches, with others being ice, and rain. We thank taxpayers for there supported purchases of Compu Spreads {computer application of road treatment}.

With these tools we are now monitoring our sand and salt applications by the Pounds per lane mile instead of by the tons, or yards per lane mile.

The plow operators are doing a good job keeping costs down by only applying what material is needed with each application.

No major breakdowns were recorded all year, and many thanks to all plow operators for bringing the equipment back in good condition, and the upkeep performed between storms.

No lost time accidents were recorded, another job well done by the department.

As you know our most critical and dangerous job is traffic control. Many classes have been attended, and all workers in the department are now Flag certified. Please do your part in helping us by observing our signs, and

helping us be safe while working in traffic. Public works employees are the second biggest risk in the country for accidents.

Thank you all for your continued support, and help us all be safe when we plow or have to work in traffic.

Denis Castonguay
Public works

2005 2006 Recycling Report

With allot of conversation this year about trash disposal costs, we again don't have all the answers. Many conversations with taxpayers give us ideas, but implementing these ideas will take public involvement.

The price for disposal of trash has again risen from seventy nine dollars per ton to eighty dollars and fifty cents per ton. Some savings are being seen from more compaction in our roll offs, thus less roll offs per year need to be hauled. Our cost on roll off hauls have not risen yet from ninety dollars. This is a surprise with the cost of fuel. With the price of some recycling we are getting paid for some recycling hauled, some are hauled for free, and some we pay tipping fees of thirty dollars per ton.

We need ideas from the public on how we can convert paying tipping fees for recycling, into getting paid for recycling as some other communities do.

The simple answer from my perspective is recycling: Do not throw away what can be recycled. Business as well as private sector must recycle to save tax dollars. Even if trash is disposed of directly in Jay we still pay the same price per ton to dispose of it.

We have started to take what is called universal waste. This is mandated by law, and includes mercury switches, small batteries, florescent bulbs, and many other items. Please check with the manager at the transfer station for other items, and items we do not take. A complete list is available at the town office, and recycling, and many signs at recycling are posted.

More, and more road trash has been evident this year, most of these are items we do not take, or we charge for at recycling. This is a burden to public works, and is costing all taxpayers. Please report any one that is seen disposing of trash roadside.

With taxpayer cooperation we can cut our costs by **Recycling**.

Foreman Denis Castonguay

TREAT MEMORIAL LIBRARY

Librarian's Report 2005-2006

Please accept my first annual report to the Trustees and other members of the Livermore Falls Library Association.

Our official year began July 1, 2005, with me as your new director following the retirement of Sheila Dorey in March, 2005. She did a wonderful job of bringing the library up to date, and I hope to continue. We changed our library hours in July, following a community survey to see what would best suit our patrons. We feel the new hours are more convenient for all and have received positive feedback from patrons as well.

We were pleased to add Elaine Wilcox to our staff in June as an aide and to be a substitute as needed. She has also been working with County Extension agent, Terry Berry, in presenting a once-a-month program for the pre-school children. They enjoy a craft, listen to storytime and enjoy a nutritious snack. This program helps introduce young children to healthy foods.

Our summer reading program, "Dragons, Dreams & Daring Deeds" was a success. We changed the format this year to one where readers signed a contract with the library stating how many books they would read. They were required to read at their grade level. It was a challenge for the children to complete their contracts during the six-weeks of the program. Thirty-three children finished successfully, and enjoyed the Medieval festival held to celebrate their hard work. The highlight of the festival was the wonderful magic program presented by Stan Davis of Wayne, Maine.

I want to thank all the people who gave of their time and talents during the program: Theresa and Lindsay Timberlake and Brittany Castonguay for their dreamcatchers and photo scrapbooks; "Lady Elaine" Wilcox and her marvelous "Dr. Seuss" program, complete with characters; visiting author Margy Burns Knight, who built a story wall with the children; and Myra Rosenbaum and Doris DeMillo for all their help in planning and making this such a special program for the children.

We started organizing our records in June in preparation for joining the Solar program. This will give our patrons, along with patrons state-wide within the program, the opportunity to access our catalog records from their own computers. They can then request the desired books from Solar through our library.

To prepare our library to enter Solar, the Maine State Library circuit rider Janet McKenney came to upgrade our server. As she was doing this, our entire computer system crashed. She returned several times, and thought things were repaired. We didn't realize that the server was no longer saving data for us. So, in January, Myra began the gigantic process of retrieving and restoring all the lost data. She did a terrific job, and we are now back at full strength and ready to proceed with Solar.

The Gates Foundation computers are being used a great deal by our patrons. We have had to replace two of the four original computers, as they had finally failed. Our patrons have full access to the Internet and all the other programs available through the computers.

We participated in Project Katrina in the summer. Livermore librarian Penny Brown investigated how we could help survivors of the hurricane, and became involved by coordinating a huge project by the state's libraries and schools to send books south. Treat Memorial shipped five boxes of new and gently used books of all categories with others from the state of Maine.

I attended conferences and workshops sponsored by the Maine State Library this year, and was joined at some of them by Myra Rosenbaum or Elaine Wilcox. We appreciate being able to learn from these meetings.

We started a knitting/crocheting group in January for patrons to do some projects for charity. They will also work on things for themselves. We circulated a survey to find out which meeting times and days would work the best. Everyone brings projects to work on, and help each other learn. Anyone is invited to come join the fun.

We were pleased to welcome library student, Sarah Veayo, in February to do her internship with us. She is an on-line student with the University of Maine-Augusta in the Librarian's Information Science program. She is computer-oriented and a big help assisting Myra with the data preparation for the Solar program.

We would like to thank our volunteers: Doris DeMillo for eighteen years of hard work, she is always ready to help out with our projects; Elaine Wilcox, or "Lady Elaine" as she is known, for her dedication to programs for the little children; Nancy McManemon for her Thursdays spent shelving books for us; Nicholas Berry for being a wonderful summer volunteer; Elizabeth Rosenbaum for assisting with our webpage design and update; and to Diane Maurais and her students for cleaning the library each week. *ALSO SHERRY ZLOTNICK FOR HER HELP AS A VOLUNTEER.*

We want to thank all the generous people who donated books and videos to our collection. Jim Crockett has created two excellent display boxes for the video and DVD collection and they work fine. Thank you to the area businesses who donated prizes for the summer reading program. Thank you to all who have made 2005 a great year for the library. Most of all, thank you for making my first year as director a wonderful one. I enjoy interacting with all of you.

Respectfully submitted,

Francena W. Goodine

*Due to technical difficulties, all statistics and records for the months of November and December were lost. The records have been restored, however, the statistic for November and December are based on the average of the other ten months.

**This figure may seem to indicate an overall decrease from previous years, but, in point of fact, is the result of more accurate record keeping (with the exception of November and December).

TREAT MEMORIAL LIBRARY

SUMMER READING PROGRAM 2005

“DRAGONS, DREAMS & DARING DEEDS”

The Treat Memorial Library summer reading program, “Dragons, Dreams & Daring Deeds” ended with a medieval festival on August 12th. The high point of the program was a wonderful show put on by Stan Davis, magician extraordinaire from Wayne, Maine. He amazed everyone with his sleight-of-hand maneuvers. His “pirate adventure” was a special hit with everyone.

Following the magic program, librarian Francena Goodine presented the awards. The first award, a \$5.00 gift card to Hannaford Stores, was given to each of the readers who exceeded their contracted number of books by the largest margin. Winning readers were: Pre-school/Kindergarten; 1st Tad Jewett, 2nd Lucas Alley. Grades 1 & 2; 1st Stephen Sylvester, 2nd Caleigh Norris. Grades 3 & 4; 1st Max Moreau, 2nd Heather Castonguay. Grades 5, 6, & 7; 1st Megan Norris, 2nd Jennifer Foss. Awards were given for readers who contracted to read the largest number of books and reached that goal. Winning readers were: Pre-school/Kindergarten, Eli Krout; Grades 1 & 2, Austin Melbourne; Grades 3 & 4, Gretchen Krout; Grades 5, 6 & 7, Barbara Turner. The reader who read the most difficult books for her grade level was Jennifer Foss, who received a \$5.00 gift card to Hannaford Stores. The family who read the most books and received two games as a prize was the Krout family.

Everyone adjourned and went outside and enjoyed several lawn games: ring toss, walk the “plank” and checkers played on a picnic tablecloth. All the children enjoyed getting their faces painted by Laurie Gilbert and also enjoyed the refreshments being served downstairs as the program ended for this year.

Activities enjoyed during the six-week program were: a voucher for a free ticket to a Sea Dogs game; a free ticket to Old Fort Western in Augusta for the entire family and a free ticket to the Boothbay Railway Museum for their special program on August 19th. We had three contests during the program. Design your own bookmark, judged by an independent panel, with winners selected by age group. Winners were: under 5 years, Laci Grant; 5 to seven years, Caleigh Norris; 8 to eleven years, Owen Timberlake; over twelve, Brandon Richard. The contest to guess how many pencils were in the big jar was won by Jonny Whyte, who guessed 256, with the correct amount 272. The winner of what was in the mystery box, drawn from the five winners who guessed correctly that it was a beach towel, was Stephen Sylvester. The other four winners, Jacob Chabot, Keith Jewett, Caleb Berry and Camryn Berry got to pick a prize from the Treasure Chest. As the program continued, the all the children played the Read-It board game at specific times, earning a prize from the Treasure Box each time.

The children participated in several events at the library during the program. They made dream catchers with Theresa Timberlake and her helpers, Lindsey Timberlake and Brittany Castonguay: created their own photo scrapbook with Theresa Timberlake and her helpers: and had a wonderful time with "Lady Elaine" Wilcox with her "Dr. Seuss" story and crafttime. The children helped build a story wall one special afternoon with visiting children's author Margy Burns Knight, who did a marvelous job with her maps of the world.

Children who successfully finished the program were:

Nicole Adams, Lucas Alley, Caleb Berry, Camryn Berry, Thomas Bizier, Heather Castonguay, Jacob Chabot, Jared Duguay, Jennifer Foss, Nathen Frost, Autumn Gagne, Joshua Grant, Kaili Grant, Laci Grant, Moesha Harrington, Ian Jewett, Keith Jewett, Tad Jewett, Emily Keene, Eli Krout, Gretchen Krout, Liesel Krout, Austin Melbourne, Max Moreau, Calleigh Norris, Megan Norris, Gabrielle Richards, Jake Richards, Kasey Richards, Samantha Richards, Stephen Sylvester, Owen Timberlake, Barbara Turner. These readers received a tote bag containing the following : a certificate of completion, a notebook, pens, pencils, stickers, bottle of bubble solution, Boothbay Railway ticket and schedule of events, a bookmark and the reading log they filled out during the program.

Thanks to the people who made this program so special: Myra Rosenbaum, Doris DeMillo, Elaine Wilcox, Theresa Timberlake, Lindsey Timberlake, Brittany Castonguay, Margy Burns Knight, Stan Davis and all the parents who encouraged their children to participate. We want to thank our sponsors: Hannaford Stores, Sea Dogs baseball, Old Fort Western, and the Boothbay Railway Museum We hope everyone had a wonderful time, and will join us again next year.

Francena Goodine
Director

Code Enforcement Report April, 2006

I'd like to thank you for the opportunity to serve in the capacity of Code Enforcement Officer and for receiving me so respectfully during my official visits. I would also like to thank Brenda Medcoff, the former CEO, who has been very helpful on those occasions when I've needed to call her for information.

It's an exciting time to be involved in the affairs of the town, with change and growth being so actively pursued with tangible results. We are seeing a marked increase in building and subdivision permits, site plan reviews and realtor inquiries. Four businesses came before the town for Site Plan Review last month, and I anticipate continued and greater signs of growth in the upcoming year. We are blessed to have such conscientious Planning Board members who volunteer their time to help manage the matters of Livermore Falls.

Code issues have, for years, prevented much potentially-viable commercial space from being fully utilized, which affects our town economically. I am hoping to raise awareness of low interest loans, grants and endowments available to property owners, in the hope that this information will help people find ways of transforming dangerous and/or vacant buildings and properties into safe and useful lands and buildings for commercial, residential and community use.

The VIP Pilot Program, designed to help and encourage rental property owners to maintain and upgrade their properties, is off the ground running. This program was designed to create a relationship between Rental Property owners and the Code Enforcement office. With rental property owners now considering the Code Enforcement office a resource, I feel we have accomplished much in regard to awareness and compliance. Kudos to all who are making a difference, especially those who were making a difference even before signing on, and have already shown visible results; Anju Myodo Rick Baillargeon.

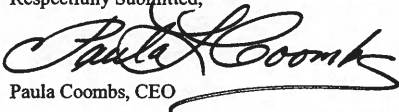

With spring here, it's also time to get Livermore Falls cleaned up and the potential safety hazards addressed. We have many ordinances to ensure that properties are kept in safe condition to prevent injury and the loss of life and assets. I will be in the community more hours during the next few months, following up on complaints and violations, as well as doing follow-ups on assorted permits to ensure compliance.

Violation complaint forms are available at the town office and are handled with discretion. Phil Poirier and I hope to make various forms, info. and applications available on the town Web Site very soon (just type "Livermore Falls" into the address bar and the page will come up).

I have taken many courses and seminars for various certifications since I took this position in November and I'm committed to continuing to learn all that's necessary to become as effective in this position as possible.

I am thankful for a cooperative town staff and Martin Puckett, our new Town Manager, who is positive and progressive, and whose good management has been a real impetus for all the hard-working citizens, businesses and volunteers who are champions for constructive change.

Respectfully Submitted,

Paula Coombs, CEO

TAX COLLECTORS REPORT

Under the July 1 through June 30 fiscal accounting period, annual reports must be prepared and printed prior to the end of the fiscal period and before the post annual audit can be started. April 1 through March 31 has been selected as the most reasonable reporting period that can be offered to the voters for comparative information purposes.

Taxes are committed to the Tax Collector at the time the annual bills are mailed out, usually in September, and at the expiration of eight to twelve months any unpaid balances are placed on lien and turned over to the Treasurer for collection. Any liens which are not paid in full with interest and recording fees foreclose after eighteen months and become the property of the Town. The Treasurer and the Tax Collector accept partial or installment payments in order to assist taxpayers to avoid liens and foreclosures.

Taxes Committed for 2005/2006	\$ 3,419,334.77
Local Real Estate Valuation	87,629,419.00
Local Personal Property Valuation	55,140,300.00
Total Valuation	\$ 142,769,719.00
Mill Rate 23.95 per Thousand	

Tax Discounts

Selectmen are considering offering a 1% discount this next tax year if the entire balance is paid within the first 30 days after the tax commitment. Otherwise payments will be paid in two installments, one in the fall and one in the spring.

Respectfully Submitted,
Dawn Young, Deputy Tax Collector

Sewer Department Report

On September 21, 2005 Livermore Falls received a new discharge license. We finally, after a few years of negotiations, got our full 2 million gallons per day flow allocation for the entire year. The only major change from the old permit was a requirement to meet an effluent discharge limit of 8.34 pounds per day on a monthly average of ortho-phosphorus, starting June 2006. The DEP was originally requiring Florida Power and Light to help the Livermore Falls Treatment Plant with capital costs, up to \$100,000, for phosphorus removal equipment. The reason for this was that FPL owns and operates the Gulf Island Dam. This slows the river, which allows the water to be heated and it also causes the nutrients to concentrate. Both these factors increase the potential for algae blooms in the river. The DEP's contention was that if FPL is part of the problem they were going to be part of the cure. As it stands now, FPL has appealed their license and Livermore Falls has received a stay on our Phosphorus limit. Good science and common sense have failed to establish final discharge limits on the Androscoggin River, now only time, politicians, lawyers, environmentalists, special interest groups and money will tell how this turns out.

In the future our treatment plant will probably have to deal with a phosphorus limit, which will mean some type of removal. The equipment and chemicals required for this are going to be expensive. To try and keep these costs low we would like to ask everyone to check labels when buying cleaning supplies, dish detergent, and laundry soap. The use of low phosphorus brands will help to keep the amount of removal expense to a minimum.

We are looking at Pearl St and Chestnut St for sewer upgrades this year. Main St has been put off again and will probably be done in 2009 or later. Yearly TV inspection of our old lines have shown us that we will never run out of areas to work on.

We continue to operate well below our licensed discharge levels and have received good reports on our yearly inspections from the DEP. Please call Kent or Tom at the treatment plant with any questions, or to arrange a tour of your facility. 897-2339

Kent Mitchell
Sewer Superintendent

April 26, 2006

To the Citizens of Livermore Falls:

The Trustees of the Livermore Falls Water District hereby submit their report for the year ending December 31, 2005.

Filter Production has improved as we have continued to follow the plan for sand replacement. The forth (4th) and final filter will be finished in 2006.

Energy cost has been reduced by 20% with the installation of new VFD drives at Jewell Street Pump Station.

Throughout the year the following services were provided:

Four (4) new services were installed.

Four (4) old hydrants were replaced with new hydrant.

Eighteen (18) old services were replaced with new services.

Ten (10) services were repaired.

Seven (7) mains and hydrants were repaired.

During the summer months construction of the new handicap accessibility and garage addition was completed. We also had new windows installed in the office.

Respectfully submitted,

Margaret Leclerc

For the Trustees

2006 Annual Town Meeting Warrant

To: Ernest N. Steward, Jr., a constable of the Town of Livermore Falls, in the County of Androscoggin, in the State of Maine:

Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of Livermore Falls in the County of Androscoggin, in the State of Maine, qualified by law to vote in Town affairs, to meet at the Fire Station in said Town of Livermore Falls on Tuesday, the 13th of June 2006 at 9:00 o'clock in the forenoon, then and there to act on the following articles to wit:

Article 1. To elect a Moderator to preside over said meeting.

Article 2. To elect by secret ballot in accordance with Title 30, M.R.S.A. Section 2061 all necessary Town Officials including: one Selectman/Assessor for a two year term; one Selectman/Assessor for a three year term; two MSAD #36 School Board Directors for three year terms; two MSAD #36 School Board Directors for one year terms; and one Clerk/Treasurer for a two year term.

Note: The polls for election of officers will open at 9:00 o'clock in the forenoon and close at 8:00 o'clock in the evening. At the closing of the polls the meeting will recess and reconvene at 7:00 o'clock in the evening on Wednesday, June 14th at the Norlands Grange for the purpose of acting on the remainder of the articles.

Article 3. To see if the Town will vote to fix dates when taxes shall be due and payable and see if the Town will fix a rate of 11% interest to be paid on taxes unpaid after said date.

Recommendation: That 11% per annum be charged commencing on October 21, 2006 on all ½ year payments not paid on or before October 20, 2006 and that 11% per annum be charged commencing on April 14, 2007 on all second ½ year payments not paid on or before April 13, 2007.

Article 4. To see if the Town will vote to fix an interest rate of 5% on all taxes abated that have been paid in full, amount to be paid from the date the taxes were paid.

Article 5. To see if the Town will authorize a tax discount of 1% of the entire tax bill, if the bill is paid in full within 30 days of commitment of taxes, and use overlay funds to cover such discount.

Article 6. To see if the Town will fix a time period after which interest will be charged on unpaid sewer assessments and to see if the Town will fix a rate of interest to be charged on sewer assessments not paid within said time period.

Recommendation: That 11% per annum prorated daily be charged on sewer assessments not paid within 60 days of the quarterly billing date.

Article 7. To see if the Town will authorize the Selectmen on behalf of the Town to retain, sell, or dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they may deem advisable and in the Town's best interest, and to execute quit claim deeds for such property.

Article 8. To see if the Town will authorize the Selectmen acting in their capacity as Sewer Trustees, to on the Town's behalf, retain, sell or dispose of any real estate acquired by the Town for non-payment of sewer assessments thereon, on such terms as they may deem advisable and in the Town's best interest, and to execute quit claim deeds for such property.

Article 9. To see if the Town will authorize the Selectmen to accept or reject any or all gifts as they deem advisable, and to expend any monetary gifts on the designated purpose of that gift.

Article 10. To see if the Town will vote to authorize the Board of Selectmen to apply for and accept State and Federal grants in the interest of improving the Town.

Article 11. To see if the Town will authorize the Selectmen to dispose of excess surplus, or broken and unrepairable real and personal property of the Town, at their discretion. If the property has a value of over \$500.00, disposal must be a competitive bid process or auction. The Selectmen reserve the right to accept or reject any and all bids. The authority granted herein shall continue until revoked.

Article 12. To see if the Town will vote to carry the balances forward in the following accounts: Recreation, Street Paving, Municipal Roof, Pedestrian/Bike Path, and Contingency.

Article 13. To see if the Town will vote to appropriate the sum of \$13,825.00 from general revenue for the following overdrafts: \$13,820 for Buildings; and \$5.00 for Debt Service .

Article 14. To see if the Town will authorize the Selectmen on behalf of the Town to gift a parcel of land for the purpose of establishing the Paper and Heritage Museum, on such terms as they may deem advisable and in the Town's best interest, and to execute a quit claim deed for such property, in the event the museum disbands or ceases to exist, ownership shall revert back to the town.
