

LIVERMORE FALLS ANNUAL REPORT

MAINE'S PAPER AND HERITAGE MUSEUM
22 Church Street, Livermore Falls

Town of Livermore Falls

Incorporated 1843

2008

The Town of Livermore Falls is dedicating this year Town Report to:

Geneva Hodgkins

A few years ago Geneva entered our "Adopt-A-Spot" program and began turning the Union Street Park into the park she remembered as a child. Using her energetic personality, persistence and perseverance, through donations and her own resources, she has created a beautiful oasis in the center of town for all to enjoy. We would all like to express how thankful we are to have her in our town. Her hard work, dedication and determination sets an example we should all follow. Thank you Geneva for brightening up all of our days.

WASHINGTON, DC 20510-1904

January 2008

Dear Citizens of Livermore Falls:

As we mark the beginning of 2008, I welcome this opportunity to share some of the work I've done during the past year representing Maine in the United States Senate.

Maine plays a critical role in our national security through the men and women who serve in our active duty forces and our National Guard and Reserves and through the skilled employees who work at our defense businesses and installations. As a member of the Senate Armed Services Committee, I successfully supported the vital work at Bath Iron Works, Pratt & Whitney, the Portsmouth Naval Shipyard, and the Defense Finance and Accounting Center, as well as at smaller companies like Hodgdon Yachts and Global Research Technologies.

On the Senate Homeland Security Committee, I have worked to better protect our nation against the threat of terrorist attacks and to strengthen the federal partnership with our emergency managers and first responders in responding to natural disasters. The disruption of terrorist plots last year and the improved federal response to natural disasters, such as the Patriots' Day storm here in Maine and the wildfires in California, demonstrate that these efforts are producing real results. Building on our past successful efforts to reform the intelligence community and to increase security at our nation's seaports and chemical facilities, I worked with Senator Joe Lieberman again, to gain approval of a new law further strengthening our homeland security.

With so many pressing needs in this country, we cannot afford to see taxpayers' dollars lost to waste, fraud, and abuse. Working with the Inspectors General, I have written a bipartisan bill to reform wasteful government contracting practices. The Senate approved this bill in November, and I hope it will become law later this year.

Congress last year passed several bills that I advocated to improve health care, expand aid for education, and protect our environment. These include increased funding for the program to expand access to dental services in rural communities, additional funding for diabetes research, and an extension of a tax deduction for teachers. As a member of the Special Committee on Aging, I worked to create a Task Force on Alzheimer's Disease and introduced a bipartisan bill to block cuts in home health care.

Record-high energy costs are imposing a tremendous burden on our low-income families, truckers, and small businesses. With a bipartisan coalition of Senators, including Olympia Snowe, I fought for increased funding for the Low-Income Home Energy Assistance Program (LIHEAP). We secured a \$400 million increase over last-year's level and will continue to press for additional funding. I also have called upon the Department of Energy to stop buying oil for the Strategic Petroleum Reserve until prices moderate. There is no compelling justification for the Department to take oil off the market at a time when prices are sky high and consumers are struggling to heat their homes and fill their gas tanks.

We need to embrace the goal of energy independence to reduce our reliance on imported oil by developing bio fuels, such as cellulosic ethanol, by increasing fuel efficiency standards for vehicles, and by supporting research into better technology. The new energy law takes significant steps in the right direction.

I am grateful for the opportunity to serve the great State of Maine. If ever I may be of assistance to you, please do contact my Lewiston office at 784-6969.

Sincerely,

Susan M. Collins

January 2008

Dear Friends,

I would like to thank the people of Maine's Second Congressional District for the opportunity to serve you in the United States House of Representatives. It is a great honor for me to represent the hard working men and women of Maine in Congress.

We've made progress for Maine people. Working with community groups, town leaders, economic development experts, and many others, I was able to pass my Northern Border Regional Commission bill in the House. This bill would bring much needed federal dollars to the state for economic development purposes. Such an investment would help create jobs, slow outmigration, and strengthen our communities. I will continue to work with members of our Congressional Delegation to ensure that it becomes law.

In Maine, many of our friends and neighbors are veterans. As Chairman of the Veterans Affairs Health Subcommittee, I have worked to make health care more accessible, increase the overall spending for the Department of Veteran's Affairs, increase reimbursement for veterans who have to travel great distances and assist veterans suffering from traumatic brain injury. In the coming year, I will continue to work hard for our veterans to make sure that the federal government lives up to the promises made to them.

I also remain committed to providing quality constituent services and with long distances to travel; it is sometimes difficult for people to reach one of my regional offices. That is why my staff will continue to hold office hours in various communities throughout the District on a regular basis.

If my office may ever be of assistance, please do not hesitate to contact me at my Lewiston office at 207-782-3704 or by emailing me through my web page at www.house.gov/michaud. While on my website, I also encourage you to sign up for occasional e-mail updates on the various issues facing Congress that are important to Mainers.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud
Member of Congress

Senator John Nutting

287-1515 or toll-free 1-800-423-6900

2008

Dear Citizens of Livermore Falls:

This year marks the Second Regular Session of Maine's 123rd Legislature and we are facing many challenges. Gasoline and home heating fuel prices are at record highs and people simply cannot spend on other things as they might have in the past - basic needs must come first. State revenues are, thus, much lower than what earlier forecasts had predicted and now we are faced with a huge deficit in the State budget. This means some very difficult, but necessary, cuts in spending must be made.

Even before we found ourselves in this situation, I advocated for cutting programs in state agencies that duplicated the efforts of another agency. Not only do I find such things wasteful, but it often leads to a more cumbersome government. This simply frustrates everyone and doesn't fit with the streamlining of government! Eliminating someone's job is never easy and it is certainly not the "popular" thing to do. Sadly, however, some things must be cut if we are to balance our budget, as required by the State Constitution. In the past year I have spent hundreds of hours going over the State budget, line by line, and have been able to identify more than 50 high-level, supervisory positions that, I believe, can and should be eliminated. I will continue to work with the Legislature's Appropriations Committee to identify other areas where we might find savings. Nobody wants to eliminate a program that keeps our most vulnerable citizens safe and healthy so, while I advocate bringing things into line, I will also fight to ensure that those who need our assistance most get it.

As you gather once again to organize Livermore Falls's government, know that I am available to help the town and its citizens in any way that I can. I can be reached at the State House at 287-1515, 1-800-423-6900 (toll free) or by email at senjohn.nutting@legislature.maine.gov. You can also now watch the legislature live while we are in session by going to <http://janus.state.me.us/legis/audio/direct/SenateV.html> and, as always, committee hearings are open to the public. You can check schedules for either of these by going to the Legislature's website at <http://janus.state.me.us/legis> or by calling the Legislative Information Office at 287-1692. It is your State House and your government. I hope you will take time to learn more about it and how you can make a difference!

Thank you again for the honor of representing you. I wish you and yours the best in 2008!

Sincerely,

State Senator John Nutting

March 2008

Dear Friends and Neighbors:

As I write this letter, the 123rd Maine State Legislature is currently in its Second Regular Session. In the months since my colleagues and I returned to the State House we have resumed negotiations on those bills carried over from the previous session, as well as studied the hundreds of new requests submitted by legislative members.

By the time you read this letter, my fellow Legislators and I will have dealt with such issues as school consolidation, health insurance and tax reform. We will have also handled our most formidable task, passing a supplemental budget to fill the \$200 million budget shortfall. The situation that arose with this budget has shown us that we need to control state spending. Although it is never easy to make decisions knowing that the outcome may negatively impact some constituency, sustainable cost-saving measures are necessary. My goal as your representative is to help reform state government to reduce the bureaucracy while improving the delivery of services to the people of Maine.

Keep in mind that when the Legislature is in session, you may monitor the progress of legislation being worked on at the State House by logging onto the Legislature's website, <http://janus.state.me.us/legis/>; and I encourage you to do so. Once you are there, you can browse bill summaries, listen to committee hearings or watch live streaming video of the House and Senate while they are in session.

It has been an honor to be your State Representative and I appreciate your trusting me to be a voice at the Capitol for our community. Over this past year you have contacted me with your thoughts and opinions on various topics and I thank you for taking the time to do so. Knowing your feelings on these important issues will help me to better represent you, so I encourage you to please stay in touch. You can reach me at home in Livermore Falls during the summer and fall months while we are not in session.

Sincerely,

L. Gary Knight
State Representative

District 81 Leeds, Livermore, Livermore Falls and Wayne

To the Residents of Livermore Falls

Now that winter is finally over I feel we can get on with our lives much better. I would like to start off by thanking the Highway Dept for all their hard work and efforts to make sure our roads were safe to travel on, it has been a struggle this winter as we received way more snow than we needed. Good job guys.

I would also like to thank all the Department Heads and their staff who have worked together to make the town a better place to be, Martin our Town Manager for his countless hours of Grant Writing with the help of Community Members also known as the Livermore Falls Downtown Betterment Group. Together they worked to get the town a \$150,000.00 Grant to be used for the outside or the downtown buildings.

I would like to thank the Budget Committee who has worked diligently with the Selectman to work out a reasonable budget for the 2008-2009 year. Again I believe we have worked the budget so we may not have to raise taxes this year.

The Town Office is a real positive place to be right now as we are fully staffed in all departments and have positive employees who guarantee the people of Livermore Falls answers to all their questions and needs.

Thank you Selectman for working with me to keep the meetings interesting and right on track, sometimes we tend to have more fun working than work but the job gets done. We would really like to see more people involved and have more feedback as to how we can make Livermore Falls a better place to be. We hold our meetings every 1st and 3rd Monday of the month at 6:30 pm in the Livermore Falls Town Office so please join us and become a voice in the town.

We have some really exciting times coming to the downtown this Spring, Summer and Fall so watch for the signs and enjoy. Schedules will be available at a later date. See you at the Apple Pumpkin Festival in the fall.

In finalizing my report I would like to thank an individual that has been in this town all his life and has given many hours of his own time to make our Fire Dept what it is today. We have new apparatus that will help maintain any building that we have in town, we have lots of volunteers that help write grants, help with fires, traffic control etc. This man is leaving Livermore Falls in June to take a position with a Fire Dept out of state to do his dream job. Firefighting is his life, so I wish you Ken Jones and your family good luck in your future endeavors and hope to see you back in town again someday. The Jones family is very well known in this town, as many are on the Dept as well, between him and his Dad they have over 75 years in Livermore Falls Fire Dept. Thank you Jones Family for all the dedicated years you have given us.

Let's move forward residents of Livermore Falls and work together to make things happen.

Thank you for letting me serve you.

Jacqueline Knight

Dear Residents,

There are many undeniable variables that are affecting every community in Maine in the past year that unfortunately spill into the upcoming fiscal year. Our community will continue to strive for high quality sustainable services while evaluating new methods of delivery and new partnerships. It is very easy to fall into a pessimistic trap of focusing only on the situational problems.

The amount of assets in Livermore Falls is incredible! We need to promote our community's identity. Our historic sites, cultural and ethnic groups, and organizations, are all important resources to be celebrated in efforts to improve our community, generate economic opportunities, and address social concerns. These combined elements can be coordinated into a powerful effort that will increase uniqueness, economic vitality, and marketability. Investments in cultural resources produce tangible, visible results.

Industrial and Cultural History: We have an amazing industrial history and thanks to Maine's Paper and Heritage Museum, the heritage of life in a paper-making community can be preserved, as well as to encourage tourism, increase economic activity and showcase the area's distinctive heritage. Combined with the draw to the Washburn-Norlands Living History Center, we are headed in a great direction! Incorporating the important knowledge older residents possess and artifacts relating to the area serve to enhance the overall project. Local students or residents can also compile oral histories about our town's history and culture.

Local Events: Parades, musical performances, arts and crafts constitute an industry in and of themselves. When attendees come for these events, they also visit nearby restaurants, hire babysitters, visit shops- all activities that bring money. Visitors do not simply visit for an event. They might buy souvenirs, eat a meal at a nearby restaurant, and participate in what the neighborhood has to offer. The Livermore Falls History Night Celebration and the Apple Pumpkin Festival augment all these resources and allow us all to enjoy the community and neighbors.

Recreational Activities: Recreational tourism can be great economic development tools to attract local residents, visitors to the town, and passers-by to experience the natural beauty of the area. Many new pedestrian pathways have been created in the area with more to come. Outdoor year-round motorized activities are abundant in the area also. The Androscoggin River is a colossal possession and thanks to its improved health, we are seeing more interest and usage. Cross country and downhill skiing can also be found in the area!

The \$150,000 Community Development Block Grant we recently received is a great economic development tool for our town and will not only boost local pride in the community, but will allow us to promote the all resources we have to offer!

Yours truly,

Martin Puckett
Town Manager

Livermore Falls
Downtown Betterment Group
Annual Report
Visit: www.lfma.org/betterment

LFDBG Projects- We had a very productive project year. Our projects included a Union Park spring clean up; the creation of Gateway Park (corner of Main and Bridge st.) and the purchase and installation of banners for the downtown. We also created a banner for the JLLF Chamber's Apple Pumpkin Festival, to be used on the brackets that we purchased. The town is using those brackets for Christmas decorations as well. Last year we took on the organization of History Night, and hope to make History Night 2008 better than ever. We took aim at helping local business profit better from the Apple Pumpkin Festival by asking local businesses to create promotional coupons. We then staffed a booth at the Festival at which we gave out those coupons, encouraging festival goers to revisit our downtown. Many of us also worked on the Apple Pumpkin Festival Committee. Members of the Betterment Group repaired and painted the "Welcome to Livermore Falls" sign off the bridge on Rt. 4. We also helped promote the tower clock lighting ceremony.

CDBG-Our community-based efforts were a key factor in the town getting a \$150,000 Community Enterprise grant from the Department of Economic and Community Development. This money will be used for façade improvements throughout the downtown. For every \$1, each business that applies will get a dollar. This means we can hope for up to \$300,000 worth of improvements to our downtown!

Community Feedback- LFDBG created a survey to get important feedback from the Townspeople about what they wanted from their downtown. We hosted a "Holiday Gathering" in Nov 2007 for the business community and another in May for the general community. These gatherings will inform us as we begin work on a strategic plan, using funding from the Maine Downtown Center as part of our "Square One" program.

LFDBG Advocacy Efforts- LFDBG brought Livermore Falls Rt. 4 project to the attention of Maine DOT's planning staff after LF was left off the latest biennial plan for the Rt. 4 project. Our months-long effort culminated in a very productive meeting with the Commissioner and his aides here in Livermore Falls. **The result:** The Livermore Falls/Jay Route 4 project is now back in the biennial plan, with a possibility of work beginning as early as 2010.

Members of the LFDBG brought the extremely poor condition of the railroad crossings in Livermore Falls to the attention of Pan Am, the operators of the railroad. Through persistent effort we were able to schedule a meeting with the Vice-President of Pan Am, show him the dangerous state of our three crossings, and to get a commitment to repair them. **The result:** The railroad crossings have been repaired with cold patch with a promise from Pan Am to come back and permanently fix them with hot top and rubber grade crossings.

When You Help...LF is Better!

Livermore Falls Fire Department

Livermore Falls, Maine 04254

Androscoggin County

Telephone
897-6681 • 897-3424

2 Main Street
Livermore Falls

To The Citizens of Livermore Falls,

As in the past, I would like to start by thanking my Officers for a job well done, especially Assistant Chief Parker. Along with the entire Fire Department Members, Town Manager, Selectman, Town Clerk, Police Chief & Officers, Dispatchers, Highway Crew, Mutual Aid Departments and Citizens. Finally, my lovely wife Laurie and Family for allowing me to continue the numerous hours required to be a call department Fire Chief.

In November we were very pleased to receive our new Tanker. This is on a Freightliner cab with a chassis manufactured by E-One. It has a 2000 gallon poly tank warranted for life time, three 10" electric dumps, 1250 gpm single stage pump, two portable dump tanks, hand lines and ample room for storage. This was purchased with the 2006 Assistance to Firefighters Grant which was awarded to us back in September 06. The total amount of the grant is \$198,000, with a 5% match included from the municipality. This replaced our 1987 conversion tanker which failed to meet current N.F.P.A. Standards.

This past year, we sponsored Danielle Leclerc to the Firefighter I Training Program at the Mt. Blue Vocational Training Center. A total of ten students have completed this training in the past five years through this department.

The department members have volunteered numerous hours in training this past year. Several members completed the 40 hour basic firefighter course which is required by the State of Maine. We also have 7 members in training for their firefighter 1 & 2 certification. Firefighter 1 level and the National Incident Management System will be mandated training for the department to apply for grants in the future.

On April 2, Firefighter Richard Wells retired from this department in which dedicated 56 years to this community. This individual truly went above and beyond the call of duty for a call department. In his time served, he missed only two month meetings, sacrificing counts hours and held every position within the department to the best of his ability. Thank you Richard, you will be missed!

We continue to work on regionalization, which includes training, response, joint purchasing and the combining of departments.

As a reminder, I strongly encourage all residents to have a **working smoke detector** on all levels of the homes and to change the batteries at least once a year.

Also, all outside burning requires a permit, other than a contained campfire that is used for cooking or warming on your own property. Currently you can only burn clean wood (no paint, stain, etc.) and wood debris such as leaves, trees, brush, etc. You may not burn any paper or cardboard. Any questions call one of the following:

Town Fire Warden – Chief Ken Jones	897-6912
Deputy Warden – Asst. Chief Marvin Parker	897-2838
Deputy Warden – Capt. Ron Leclerc	897-4359
Deputy Warden – Lieut. Albert Jones Jr.	897-2102

In closing, I would like to thank everyone for allowing me to serve as Fire Chief for the past 15 years. As most of you are aware of, I have accepted a full time fire chief's position in our neighboring state beginning June 5th. I certainly will miss Livermore Falls and the citizens. I wish you all the best.

Reminder of telephone numbers:

EMERGENCIES -	911
Business -	897-3424
Station -	897-6681

Sincerely,

Kenneth G. Jones
Fire Chief

Chief Ernest Steward Jr.
2 Main Street
Livermore Falls, Maine 04254
897-3424 Fax 897-4340

April 7, 2008

To the Town Manager, Selectmen and Citizens;

The Livermore Falls Police Department has received and responded to 3740 calls for emergencies and/or assistance this year. In addition, 235 arrests were made, 576 criminal summonses issued, 484 traffic summons issued and 1619 traffic warnings and/or defects issued.

Our dispatch center should be certified to receive call direct from the Androscoggin County P.S.A.P. (Public Safety Answering Point) soon. This will allow us to have 911 calls transferred directly to us as they were before the new regulation went in effect. Dispatch consolidation meetings are still ongoing for a county wide dispatch center. It is not known at this time when a proposal will be ready for the Towns to consider.

Officer Maurice Drouin went to work as a Deputy for Androscoggin County 8/23/2007 after nearly 6 years of service to the Town. Officer Cortney Hladik of Buckfield was hired 11/26/2007 to fill the vacant position. Officer Hladik is presently attending the Maine Criminal Justice Academy and scheduled to graduate 5/23/2008. He is first in his class at the time of this report. Officer Stephen Allen of Livermore was hired 11/27/2007 as a reserve officer and is currently filling in for Officer Hladik while he is at the academy.

As always we are dedicated to providing public safety services to the citizens of Livermore Falls. I encourage you to contact me at the department with any comments or concerns regarding this department you might have.

Thank you to all the Citizens that have supported the Officers and Dispatchers in the past. I would also like to thank the Selectmen, Town Manager and area Departments for their assistance, cooperation and understanding.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Ernest Steward Jr.".

Ernest Steward Jr.
Chief of Police

INDEPENDENT AUDITORS' REPORT

November 16, 2007

Board of Selectmen
Town of Livermore Falls
Livermore Falls, Maine

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Livermore Falls, as of and for the year ended June 30, 2007, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Livermore Falls as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Fax: (207) 255-3750

www.rhrsmith.com

The management's discussion and analysis and budgetary comparison information on pages three through eight are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Livermore Falls, Maine's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion

See accompanying independent auditors' report and notes to financial statements.

To the Residents of Livermore Falls,

The Livermore Falls Summer Recreation is a six week program for kids in the summer entering 1st grade to 8th. The program is very structured and well supervised.

Last summer we had about 160 children enrolled in the program. There were 124- Livermore Falls, 27- Livermore, 3- Fayette, 5- Turner, and 1- Hartford. It is so nice to see so many children involved and enjoying the program.

We start each morning off at 8:45 in the Livermore Falls High School where the children are served a nutritious breakfast, which is offered free to all children through a grant. Lunch is also provided to all free of charge. I would like to give the cafeteria workers a big thank-you for doing such a great job year after year. We really appreciate their hard work.

During the day the children get to choose from a number of games, sports, and arts & crafts. We also take the children on a number of trips. Some of the places we went last year were the Movies, Dummer's Beach, Funtown, Kineowatha Park & Aquaboggin. They have a blast!

I feel the Summer Recreation Program is a great place in the summer for kids to get together with their friends and classmates. The counselors do a great job keeping the kids busy and entertained. I want to thank the Town of Livermore Falls for funding the program and for making it possible. Also, a big thank you goes out to the Livermore Falls High School and Middle School for letting us use the cafeteria and gym for so many years. I am looking forward to another great summer.

Sincerely,

Brenda Bryant
Recreation Director

To the Citizens of Livermore Falls:

We would like to start off by thanking all of the residents for their patience with us over this past winter. It was a very tough winter for all of us.

The paving done last fall of most of the tree streets, Sewall Street and part of the Campground Road came out very well. This is just a binder for right now as we would like to wait one more year before we put on the surface coat, just to make sure all the new water and sewer lines hold up.

The paving request for this year is to finish the Moosehill Road, which will be grinding the old pavement for a new base and putting down a new hot top binder. We also want to grind 2900 feet on the Haines Corner Road, then put down mulch and chip seal. We would like to just mulch and chip seal the Jug Hill Road, as we put down a lot of patch on this road and patch is very expensive.

I would like to thank the Highway crew for the excellent job they have done this winter. It was a very trying winter with all the snow storms we had and the time they had to spend away from their families.

With all the new snow we did use a lot more material. As of March 28 we have used 1175 yards of sand and 522 tons of salt. This isn't bad considering how many snow events we had. We did have some major repairs but that is to be expected with an aging fleet.

Our request for Capital Improvements includes partial funding for the purchase of a new plow truck in the next year or two. This truck would replace two of our older trucks – the 1989 GMC wheeler and the 1991 GMC plow truck. The new truck would be used year round instead of sitting in the shop all summer like the 1991 does right now.

I would like to personally thank the entire Highway crew, the Town Manager, Treasurer, Office Staff, Selectmen, all other Departments, the citizens and Mr. Johnson from Jay Public Works. Everyone has been very helpful in making the transition to foreman go very smoothly.

Thank you for your support.

Bill Nichols

2007 Transfer Station Report

To the residents of Livermore Falls:

Our municipal solid waste tonnage increased to 1635.28 tons, last year we produced 1593.30 tons, according to reports from the Jay Transfer facility. That is a 2.7% increase in weight. When compared to the increase two years ago of 4.7% and three years ago of 3.4%, it shows we are moving in the right direction of slowing the level of increase. We currently pay \$82.50 for tipping and hauling per ton, the same cost as last year.

Municipal Solid Waste

While the 2008 report from the State Planning Office is not yet available, we have been gaining ground on meeting the 50% recycling goal for the State of Maine. Recyclables include not only common recycled materials like paper, plastics, cardboard, and glass; but other material like brush, large metal, demolition wood, and other material diverted from the waste stream. These other materials cause recycling rates to fluctuate more than solid waste. Common recyclables constitute over 300 tons each year. Remember the best way to save money at the transfer station is to recycle—it is also mandatory! We have noticed more and more black bags and colored bags. Clear bags are the only type we accept; please remember next time buying them at the store.

Thank You, Bill Nichols

Municipal Recycling

TREAT MEMORIAL LIBRARY

Librarian's Report
2007-2008

I am pleased to submit my third annual report to the Trustees and other members of the Livermore Falls Library Association.

Our summer reading program, "Get A Clue @ Your Library" began on June 19th and ran until July 28th. The readers enjoyed many scheduled events at the library, including having themselves fingerprinted by Officer Sage of the Livermore Falls Police Department. The final celebration was a tremendous presentation of drums from around the world with Barbara Kann of Rhythm Inlet.

The library purchased two more computers this year. One was installed to replace one of the public computers that had died. The other was set up by our Circuit Rider, Susan Strout, for our use as a server. We also installed wireless internet access for the convenience of our patrons. Several students are taking advantage of this service.

I attended several conferences this year, and especially enjoyed the Reading Roundup of Children's and Young Adult Literature which featured all the new children's books. Myra Rosenbaum, Assistant Director, attended many workshops to keep learning more about and updating our Solar network. This service is expanding every year and our patrons are taking advantage of it to borrow books from libraries throughout the state at no cost to them.

"Lady Elaine" Wilcox is still a valuable aide, handling our overdue book notices on a weekly basis. We have tried having her present a pre-school story time on the first and third Wednesdays at 10:15 a.m., but the results have been disappointing as few children came. We will keep trying.

Our knit/crochet group, "Busy Fingers", has attracted very few crafts people this year. We meet the first Saturday of each month from October through May, and would like more crafters to come enjoy the fun.

We coordinated our annual Book Giveaway with the Apple Pumpkin Festival again this year, and did very well, thanks to the generosity of those who came into the auditorium to look over all the books. All proceeds will be used to purchase new books.

I would like to take this opportunity to thank our volunteers. Doris DeMillo for giving us 20 years of work as our library aide and substitute. Thank you to "Lady Elaine" Wilcox for working as an aide and substituting as needed. We appreciate the work of Elizabeth

Rosenbaum who volunteers to keep our web page up-to-date and available to the public. Finally, thank you to Diane Maurais and her students for cleaning the library for us each week.

Also thank you to those who kept our summer reading program interesting with special events: Teresa Timberlake for a story and craft time, Officer Sage for taking our fingerprints, to Elaine Wilcox and Marg Bruen for a story and craft time; Fran Goodine for a story and craft time and to Myra Rosenbaum for organizing the terrific game night with several mysteries involving the entire library.

Thank you to everyone who donated books, videos and DVD's to our shelves this past year. A special thank you for the generous bequests made to Treat Memorial Library. Thank you to all of our faithful patrons who make our job such a pleasure.

Respectfully submitted

Francena W. Goodine
Director

Solar & Inter-Library Loans 2007

Since March of 2006, our participation in SOLAR has made a huge difference in the circulation of material from Treat Memorial Library.

We joined the Van Delivery Service in July of 2006, and we receive one delivery per week, on Thursday. This allows us to circulate materials at a fraction of the cost of sending books through the U.S. Postal System. We pay an estimated cost of \$600.00 for the year for the Van Delivery, and at approximately \$2.00 per book through the Postal Service, we feel this is an advantage for us.

TREAT MEMORIAL LIBRARY
Summer Reading Program 2007
"Get A Clue @ Your Library"

The summer reading program at Treat Memorial Library, "Get A Clue @ Your Library", celebrated the end of the six weeks on August 8, 2007, with a wonderful presentation by Rhythm Inlet. Barbara Kann displayed her collection of drums from around the world, and finished the afternoon by involving all the children in an exciting parade of drums.

Certificates of completion and other awards were presented by library director, Francena Goodine. Top readers were: 1st, Tad Jewett, 2nd, Camryn Berry, 3rd, Josh Grant, 4th, Kaili Grant, 5th, Emerald Rodriguez, 6th, Kelsey Morrill. The children and their parents enjoyed refreshments following the program.

Special rewards during the program included: a voucher for a free children's ticket to the Portland SeaDogs game on July 28th, and free tickets to attend events at Old Fort Western.

Activities at the library for the children to enjoy were: three "Guess What's In the Box" games with three winners for each game. Game #1, swim goggles, won by Jasmine Rollins, Nick Rollins and Keith Jewett. Game #2, a beach ball, won by Camryn Berry, Denton Bilodeau and Tad Jewett. Game #3, a beach towel, won by Molly Grant, Rochelle Beckey and Adam Morey.

A "Who's Who" gallery of photos of the library staff as children to be matched up with present-day photos of them was a lot of fun for the children and all our patrons. There was no winner of all four, but two successful matches were made by Abby Ortiz, Liesel Krout and Denton Bilodeau.

Special activities were presented as follows: story and crafttimes by Teresa Timberlake, "Lady Elaine" Wilcox and Marg Bruen, and Fran Goodine. The children were intrigued by having their fingerprints taken by Officer Sage of the LFPD. An evening of mystery games was highlighted by the Crime Scene Investigation with clues all around the library.

Twenty-three children completed the program. They were: Camryn Berry, Denton Bilodeau, Andre Chasse, Jacques Chasse, Mary Chasse, Caroline Donnell, Josh Grant, Kaili Grant, Laci Grant, Molly Grant, Olivia Hobby, Tad Jewett, Eli Krout, Gretchen Krout, Liesel Krout, Adam Morey, Chelsea Morey, Kelsey Morrill, Abigail Ortiz, Emerald Rodriguez, Jasmine Rollins, Michael Rollins and Catherine Smith.

We want to thank everyone who made this such a great program. Special thanks again to Teresa Timberlake, Elaine Wilcox, Marg Bruen, Myra Rosenbaum, and Doris DeMillo.

Thank you to our sponsors: SeaDogs baseball, Old Fort Western, Hannaford Stores and Boothbay Railway Museum. Join us next summer for another exciting program.

Francena Goodine
Director

TAX COLLECTORS REPORT

Under the July 1 through June 30 fiscal accounting period, annual reports must be prepared and printed prior to the end of the fiscal period and before the post annual audit can be started. May 1st through April 31st has been selected as the most reasonable reporting period that can be offered to the voters for comparative information purposes.

Taxes are committed to the Tax Collector at the time the annual bills are mailed out and at the expiration of eight to twelve months any unpaid balances are placed on lien and turned over to the Treasurer for collection. Any liens which are not paid in full with interest and recording fees foreclose after eighteen months and become the property of the Town. The Treasurer and the Tax Collector accept partial or installment payments in order to assist taxpayers to avoid liens and foreclosures.

Taxes Committed for 2007/2008	\$ 3,345,030.33
Local Real Estate Valuation	111,083,419.00
Local Personal Property Valuation	53,696,400.00
Total Valuation	\$ 164,779,819.00
Mill Rate 20.30 per Thousand	

This year the Selectmen are not offering the discount and we are hoping to get the tax bills out by August in order to get revenue in sooner. The due dates will remain the same. This year, if passed by the voters, the first half will be due on October 22, 2008 and the second half will be due April 15, 2009.

Respectfully Submitted,
Dawn Young, Tax Collector

2007 Sewer Department Report

Our society has embraced the idea of using biodegradable and flushable products, which infers that they will break down and not cause problems in the collection and treatment systems. The fact is that there is nothing acceptable to dispose of in the sewer system except normal wastewater. Some of the items that cause problems to us are cleaning wipes, paper towels, feminine hygiene products, scrubbers, grease, and "flushable" toilet cleaning pads. All the above mentioned items can cause sewer line blockages, they can plug pumps, and interfere with the sludge disposal process. One example this winter was a stainless steel scrubber that got caught on a pump impeller. It ruined the shaft of the pump, destroyed the pump seal, and cost the sewer users of Livermore Falls over \$3000 to fix. Please use the collection carefully, it can save you money.

There has been recent information about problems with fish in receiving waters being exposed to outdated medicine that has been disposed of in the sewer system. When we run our grit removal equipment at the plant it is amazing how many pills are present. To avoid future expenses relating to these discarded drugs, it would be a good idea to carefully dispose of these in your trash.

One other item worthwhile to mention is the use of low phosphorus cleaning supplies. We now meet our phosphorus limit, but the debate about the river is still going on and any change in our permit could make us start an expensive removal program. The less phosphorous we have in our system the better position we will be in.

The plant ran well again this year with no violations. Our biggest concerns for the future are increasing energy costs and an aging collection system. These two items will be the driving force in sewer rates in the next few years.

Respectfully submitted
Kent Mitchell - Superintendent

March 24, 2008

To the Citizens of Livermore Falls:

The Trustees of the Livermore Falls Water District hereby submit their report for the year ending December 31, 2007.

This past year we completed the Park Street Project. This project was part of our 20 year comprehensive improvement plan that was designed to improve fire flow and resolve the issues of old rusty cast iron mains. The footprint of this project included the installation of approximately 2.2 miles of new 12, 8 & 6 inch water mains along Park Street from Route 17 at Shuy Corner to the intersection of Main & Union, also included the upper Tree Street areas. We replaced 9 existing hydrants and added 2 for a total of 11 new hydrants, also forty new valves were installed. This was accomplished jointly by the efforts of the Livermore Falls Highway and Sewer Departments. The Jewell Street Project was also completed in 2007. This included replacing 1350 feet of 6" main, two new hydrants and six new valves. This was the completion of a two year project that was accomplished jointly by Jay Highway and Sewer Departments.

Throughout the year the following services were provided:

- 6 new services were installed.
- 7 services were repaired.
- 7 mains and hydrants were repaired.

Respectfully submitted,

Margaret Leclerc
For the Trustees

2008 Annual Town Meeting Warrant

To: Ernest N. Steward, Jr., a constable of the Town of Livermore Falls, in the County of Androscoggin, in the State of Maine:

Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the voters of the Town of Livermore Falls in the County of Androscoggin, in the State of Maine, qualified by law to vote in Town affairs, to meet at the Livermore Falls Municipal Building in said Town of Livermore Falls on Tuesday, the 10th of June 2008 at 9:00 o'clock in the forenoon, then and there to act on the following articles to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose by secret ballot in accordance with Title 30, M.R.S.A. Section 2061 all necessary Town Officials including one Selectman/Assessor for a two year term; one Selectman/Assessor for a three year term; three MSAD #36 School Board Directors for three year terms; one Clerk/Treasurer for a two year term.

Note: The polls will open at 9:00 o'clock in the forenoon and close at 8:00 o'clock in the evening.

Article 3: Shall the Town fix dates of October 22, 2008 and April 15, 2009 when taxes shall be due and payable and shall the Town fix a rate of 11% interest to be paid on taxes unpaid after said date?

Recommendation: That 11% per annum be charged commencing on October 23, 2008 on all ½ year payments not paid on or before October 22, 2008 and that 11% per annum be charged commencing on April 16, 2009 on all second ½ year payments not paid on or before April 15, 2009.

Article 4: Shall the Town fix an interest rate of 5% on all taxes abated that have been paid in full, amount to be paid from the date the taxes were paid?

Article 5: Shall the Town charge a 11% interest rate to any sewer assessments not paid within 60 days of the quarterly billing date?

Article 6:

Shall the Town authorize the Selectmen on behalf of the Town to retain, sell or dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they may deem advisable and in the Town's best interest, and to execute quit claim deeds for such property?

Article 7:

Shall the Town authorize the Selectmen acting in their capacity as Sewer Trustees, to on the Town's behalf, retain, sell or dispose of any real estate acquired by the Town for non-payment of sewer assessments thereon, on such terms as they may deem advisable and in the Town's best interest, and to execute quit claim deeds for such property?

Article 8:

Shall the Town authorize the Selectmen on behalf of the Town, to accept or reject any and all gifts as they deem advisable, and to expend any monetary gifts on the designated purpose of that gift?

Article 9:

Shall the Town authorize the Selectmen on behalf of the Town to apply for and accept State and Federal grants in the interest of improving the Town?

Article 10:

Shall the Town authorize the Selectmen on behalf of the Town to dispose of excess surplus, or broken and unrepairable real and personal property of the Town, at their discretion? If the property has a value of over \$500.00, disposal must be a competitive bid process or auction. The Selectmen reserve the right to accept or reject any and all bids. The authority granted herein shall continue until revoked.

Article 11:

Shall the Town carry the balances forward in the following accounts:
Recreation and Street Paving?

Note: Approximate totals are respectively: \$18,000, \$26,000

Article 12:

Shall the Town raise and appropriate \$69,294.00 for Elected Officials?
