**If there is no consumption reading on any quarter the Sewer Dept. will automatically take a new reading for the next quarter.

4. Once a bill is sent, changes will not be made unless there is one of the following:

a. Computer error

b. Supply the clerk with a copy of the water bill

c. Pay a \$5.00 administrative request fee

**If a request for a new reading for change of occupancy or consumption, the Sewer Dept. will obtain a new reading for the next quarter also.

6. Customer has 60 days from billing date to pay the bill then interest starts accruing daily.

7. Lien procedures will be followed if bill is not paid.

8. Foreclosure procedures will be followed if lien not paid.

9. There is \$300.00 hook-up fee for all new sewer connections and if it has been capped off

11. BACK FLOW PREVENTOR

It is a good idea for the customer to install a back flow preventor. In the case where a sewer line gets plugged, the preventor will stop the sewage from entering the house and causing damage. Call a local plumber for more information.

****The Sewer Dept. is not responsible for any back-up damage.**
