3.1 DOT, Route 17 Construction Project Discussion with Commissioner Doughty  
Commissioner Doughty not present Ernie Martin represented the DOT  
Mark presented to the Board some scenarios pertaining to the Route 17 project  
And what might work best for the town.

Mark also said that he had gone to a meeting on September 29<sup>th</sup> and there was a suggestion  
Of a liner and he looked into it and called Vortex and having them come camera the lines  
and talking with DOT found out that they could use the liner in many areas that would  
last 50-60 years and would save several thousands of dollars.

Will asked if the numbers could be crunched and brought back to the Board.

Ernie could bring the numbers back to the Board in 3-4 days

Will asked DOT if this doesn't happen, will they come back later to do it?

Ernie said if it doesn't pass then the job will be cancelled, and DOT will take

The 4 million and do the next job with no expectation of a postponement date here.

Bruce told the public that as much as he didn't want the project to happen here causing  
The taxpayers burdens they can't afford, he now feels this is a essential and necessary for the welfare  
and safety for this community that it be done. Bruce also said the total Main St.  
Business district uses the sewer lines and if they fail it will hurt the community
